

Dyrlæge Jesper Møller Nielsen

Speciale i heste
Specialdyrlæge i reproduktion hos heste
jespermoller@ansagerdyrehospital.dk

CV

Bestod kandidatuddannelsen på Den Kgl. Veterinær- og Landbohøjskole i 1988.

Aftjente herefter sin værnepligt ved Forsvarets Dyrlægekorps i 1988, hvor han fik en uddannelse i laboratoriediagnostik.

Arbejdede i 1989-90 i blandet praksis på Linde Dyrehospital, Holstebro.

Kom i 1990 til Ansager Dyrehospital, hvor han specialiserede sig i heste. Blev i 1997 medejer og partner i Ansager Dyrehospital.

Blev i 2007 den første danske specialdyrlæge i reproduktion hos heste.

Var i perioden 1999-2007 bestyrelsesmedlem og kasserer for Den Danske Dyrlægeforening, Sektion vedr. Heste. Var 2002-2007 og igen siden 2009 generalsekretær og bestyrelsesmedlem i Federation of European Equine Veterinary Associations, FEEVA.

Har skrevet adskillige artikler i anerkendte forskningstidsskrifter om sine undersøgelser af specielt livmoderinfektioner hos hopper. Har i den forbindelse undervist på kurser og kongresser over det meste af Europa, i USA og Brasilien.

Har siden 1995 fungeret som fast skribent ved magasinet "Ridehesten i Avl og Sport". Skrev i 2007 et af kapitlerne i bogen "Heste I Danmark".

Mr. Jesper Møller Nielsen

DVM, Specialist in Equine Reproduction
jespermoller@ansagerdyrehospital.dk

CV

Did his studies and got his degree in 1988 at The Royal Veterinary and Agricultural University in Copenhagen.

Served his Military duties in 1988 as a veterinarian, where he got a degree in laboratory diagnostics.

Worked in general practice from 1989-90 at Linde Dyrehospital, Holstebro.

Has since 1990 worked at Ansager Dyrehospital, where he specialized in horses. Has since 1997 been co-owner and partner in Ansager Veterinary Hospital.

He qualified as Specialist in Equine Reproduction in 2007 as the first Danish veterinarian ever.

Served from 1999-2007 as member of board and treasurer in Danish veterinary Association, Section concerning Horses. Served from 2002-2007 and again from 2009 as general secretary and member of board in Federation of European Equine Veterinary Associations, FEEVA.

He is author and co-author of several peer reviewed papers about equine endometritis in international scientific magazines. He has been lecturing at congresses and CE-courses all over Europe, USA and in Brazil at numerous occasions.

He has since 1995 served as columnist and author of popular scientific papers in the magazine Ridehesten I Avl og Sport. Was in 2007 author of a book chapter in the book "The Horse in Denmark".
