

Dyrlæge Jon Vedding Nielsen

Speciale i heste
Fagdyrlæge i sygdomme vedr. heste
jonveddingnielsen@ansagerdyrehospital.dk

CV

Tidligere military konkurrencerytter på international plan som med sidste start ved EM i 1996. Herefter påbegyndtes kandidatuddannelsen på Den Kongelige Veterinære Landbohøjskole med afsluttende speciale i Ultralydsguidet cervicale facetledsinjektioner ved hest i 2001.

Herefter tog han til Willesley Equine Clinic, UK i et internship i 6 måneder, med efterfølgende ansættelse på Ansager Dyrehospital i 2002. I 2006 blev han medejer af Ansager Dyrehospital.

I perioden 2005-2010 sad han i Dansk Varmblods røntgenudvalg.

I 2008 blev han uddannet på det første fagdyrlægehold i sygdomme vedr. heste. Som dyrlæge har han fremlagt studier på internationale kongresser i Glasgow og Birmingham samt på årsmøder for danske hestedyrlæger. Han deltager i forskellig forskning indenfor hestens ortopædi og har siden 2002 publiceret flere artikler i internationale såvel som nationale tidsskrifter. Herudover har han forfattet flere artikler til danske hestemagasiner.

Med speciale i ortopædi anvendes han som syns- og skønsmand i retssager og konsulteres som rådgiver af advokater i retssager.

Hans specialer dækker over ortopædi, operation og billeddiagnostik med ansvar for MRI undersøgelserne.

Han er herudover stadig rytter og opdrætter af Dansk Varmblod dressurheste.

Mr. Jon Vedding Nielsen

DVM, MRCVs, Cert. in Equine Diseases
jonveddingnielsen@ansagerdyrehospital.dk

CV

Former three- day event rider competing at international level with the last competition being the European Championship for young riders in 1996. Thereafter he began his studies at the Royal Veterinary and Agriculture University of Copenhagen and finished the studies in 2001 with his final thesis on Cervical Ultrasonography and Ultrasound-guided facet joint injections.

After finishing the veterinary studies he did a six months internship at Willesley Equine Clinic, UK. This led to an employment at Ansager Veterinary hospital in 2002. In 2006 he became a partner.

In the period 2005-2010 he was a member of the radiological board of the Danish Warmblood.

In 2008 he got his certificate in Equine Diseases. He has since he qualified in 2001 presented some of his studies at international congresses (BEVA in Glasgow and Birmingham) as well as national at the Annual Meetings of the Danish Equine Association. He is continuously doing research in equine orthopedic and has since 2002 published several articles in international journals as well as national journals. He has written numerous articles in the Danish horse magazines.

With his experience and interest in equine orthopedics he is used as an expert witness in court cases as well as a consultant by both claimants and defendants.

In the clinic he covers orthopedics, surgery and imaging and is in charge of the hospital MRI unit.

In his spare time he breeds Danish Warmblood dressage horses.
